- REST API

Professional Experience

Micro Sun and Solution - Intern	Jun 2024 – Sep 2024
Back-end Developer	Addis Ababa, Ethiopia

Profile

I am a dedicated and innovative junior Full-Stack Developer with a specialization in the MERN stack (MongoDB, Express.js, React, and Node.js) and good experience in Laravel. With a strong foundation in building dynamic, user-friendly, and scalable web applications, I possess a deep understanding of both front-end and back-end development, allowing me to create seamless and robust digital solutions.

My academic journey at AASTU has equipped me with a solid foundation in software development principles. I actively build and maintain a variety of projects, focusing on creating dynamic APIs, engaging user interfaces, and efficient database structures. I am passionate about collaborating with others, leveraging modern technologies, and continuously improving my skills to stay ahead in the rapidly evolving tech landscape.

Technical Expertise:

- Front-End: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind
- Back-End: Node.js, Express.js, Laravel (PHP)
- Databases: MongoDB
- Tools & Platforms: Git, VS code, RESTful API development
- Additional Skills: OAuth and authentication strategies, unit testing and UI design

Certificates

- Backend Developer Development and APIS 🔗

Projects

Exclusive E-commerce 🔗
An eCommerce website offering a wide range of products across various categories such as electronics, fashion, and home goods. It provides a seamless shopping experience with secure payments, fast shipping, and exceptional customer service.

Gebeya Market 🔗
An online marketplace that caters to all your shopping needs, featuring products from top brands. With a user-friendly interface, easy navigation, and quick delivery options, this website makes shopping convenient and efficient for every customer.

Zimare Lyrics 🔗
Where users can find various Ethiopian Orthodox Mezmur Lyrics
